

2022

ITHEC

6th International Conference & Exhibition on Thermoplastic Composites

First Announcement & Invitation for Exhibitors

12 – 13 October 2022
MESSE BREMEN, Germany

www.ithec.de

BREMEN
JOIN THE FUTURE.

The Conference

ITHEC is the leading and unique expert conference focusing on new topics in structural thermoplastic lightweight constructions. The two day event covers the latest developments in high performance thermoplastic composite applications.

At ITHEC, we connect the global thermoplastic community from Asia, Europe and the Americas as the number 1 event.

Here, industry top executives and researchers as well as institutes and universities delegates come together with end users and application seekers.

The intensive exchange on the achievements in the industrial sector and the transfer of R&D results into industrial products is the main mission of ITHEC.

ITHEC Conference focuses on new results on

- Thermoplastic Composite Lightweight Structures
- Manufacturing & Process Technologies
- Simulation & Modelling
- Raw Materials & Standardisation
- Process Automation & Production Machinery
- Process Monitoring / Material Quality & Testing
- Eco Balance & Recycling

Our 2020 Virtual Edition attracted 387 participants and 55 exhibitors, sponsors and partners.

In 2022, we will be back in Bremen again, expecting more than 400 attendees coming together for the conference and poster sessions and the exhibition. A Call for Papers will be launched in October 2021.

Conference Fees

Two-day ticket Early bird until 31 July 2022	730 €*
Two-day ticket	820 €*
One-day ticket no early bird discount available	500 €*
Reduced fee for students (listeners only) (without lunches, student ID required)	80 €*
Reduced fee for one author per paper	500 €*
Conference dinner at Bremer Ratskeller (12 October 2022)	74 €*

*(Prices plus 19% VAT)

Sponsorship packages

Discover the opportunity to partner with ITHEC and be among the first to connect to the top participants. Four different levels give you the freedom to select the offer that is supporting you the most, starting at 3.990 €.

The conference fee includes a **digital version of the conference proceedings**, the entry to the exhibition, lunches and refreshments.

The official conference language is English; there will be no simultaneous translation.

Quality of event and number of contacts higher or similar compared to other events:

89,3 %

Overall importance of ITHEC – very important & important:

78,6 %

Attending next ITHEC 2022 – definitely & probably will:

81,6 %

Internationality:

Outside Germany 66 %

Germany 34 %

The accompanying **International Exhibition on Thermoplastic Composites** will present new lightweight concepts, material trends, innovative manufacturing technologies and related inspection methods for thermoplastic composites.

New results in the fields of

- Raw Materials
- Textile & Fibre Technology
- Semi-Finished Products
- Production Technologies & Machinery
- Simulation & Modelling Tools
- Composite Structures
- Joining Technologies (in particular: Welding)
- Process Monitoring & Quality Control
- Materials Testing
- **Special exhibition area: 3D-Printing**

Related to areas such as

- Aerospace & Civil Aviation
- Automotive Vehicles
- Medical Engineering
- Oil & Gas
- Wind Energy
- Transport

About 70 exhibitors and their visitors will find an excellent environment only few steps away from the conference lecture hall.

Rental fees

(exhibition space only, minimum rental space 6 m²)

Row booth (1 side open)	215 €/m ² *
Corner booth (2 sides open)	235 €/m ² *
Peninsular booth (3 sides open)	250 €/m ² *
Island booth (all sides open)	270 €/m ² *

*(Prices plus 19% VAT)

Opening hours of the exhibition

Wednesday, 12 October 2022, 9 – 18 h

Thursday, 13 October 2022, 9 – 17 h
